## *IT Team*

*Twas the night before Christmas, and under the house,  
Activity was raging, that shook up the mouse*

***Designs** were perfected for the coming of age,  
For those who were working, on Wendy's **Home Page**,*

*Chris, Mike and Arvin, over lunch at Jak Tap,  
Prepared the **Resource Matrix**, and developed our **App**,*

*Ed in Atlanta, over beer and an ale,  
Set Santa's **Outlook**, to connect to his **Gmail**,*

*With careful **Diagnosis**, from our own Dr. Fred  
**Worms** and **Viruses** were tracked down, by none other than Ed,*

*From the **Help Desk** to **Oversight**, is Sherri, Walt and Bob,  
Making sure Santa's **Systems**, are up to the job,*

*Lisa and Brent, with **Graphics** in hand,  
Insured all the presents, will meet the demand,*

***Information Technology**, upgraded his sleigh,  
Mapping all his locations, in **Canada**, and the **USA**,*

*It's time to wake up Santa, **All Systems** are GO!  
It's off with you Santa, with a Merry HO! HO!*

*And so it worked out, with the **IT** just right,*

*Merry Christmas to all,  
and to all a good night.*
