

MKA - USA EXECUTIVE MANAGEMENT GROUP

Season's Greetings

*Twas the night before Christmas, and all through the house,
Our **Executive Managers** were busy, locating the mouse.*

*The **CAT** year was demanding, with our **Resources** stretched thin,
No problem for the EMs, they knew where to begin.*

*This was not their first CAT, they've all been there before,
Some **fifteen years** together, most, even more.*

***Randy and Mike**, for the **South** and the **East**,
New office locationssoon to be released.*

***Kevin** for the most part, looks after the **Midwest**,
From **New Orleans** to **Texas**, he's up to the test.*

***Shelly and Marc**, in the **Southwest** for the most,
Although both were on assignments, from **coast to coast**.*

***Craig and Dave**, charged with the **Pacific Northwest**,
From the **Rockies** to **Alaska**, although the **Aleutians** were a quest.*

*We have stayed true to our Credo, "**growth from within**",
We **knew them all well**, before asking them to begin.*

*They're **known to our Clients**, in so many ways,
And will **steer us into the future**, in the coming days.*

*To our **Friends** and our **Clients**, our future looks **bright**,
So **Merry Christmas** to **ALL**, and to **ALL** a good night!*
